

AUSTRALIAN OAK

ASH

100% Australian made
engineered flooring.

Launching early 2024.

We've combined beautiful, sustainably-managed hardwood with an innovative LED coating and a super stable substrate, to bring you Australian Oak.

An engineered flooring manufactured in Australia with the quality you would expect from Australia's leading hardwood manufacturer.

What's even better is that we are currently transforming our manufacturing to bring you an Australian made engineered flooring, expected to launch early 2024.
