

STRUCTApanel

Timber Flooring Underlay

Achieve a flawless finish with STRUCTApanel Smooth 12mm - the trusted choice for timber flooring professionals.

“

“STRUCTApanel is flat and consistent throughout compared to plywood, making it a pleasure to work with.”

Jay, Timber Flooring Specialist, Melbourne

”

Precision and Performance

Provides a perfectly smooth, stable, and consistent base, ensuring premium timber flooring installations.

Superior Flatness

Reduces imperfections and enhances floor uniformity, guaranteeing a flawless top-layer finish.

Proven Quality

Engineered for durability and high performance, making it a long-lasting and reliable underlay.

Locally and Responsible Sourced

Proudly Australian-made using sustainably certified plantation forestry, supporting responsible timber sourcing.
